TOURISM STATISTICS STANDARDS

MONTENEGRO
Kristina Jerkov, Ministry of Tourism & Environment
Petar Dragisic, MONSTAT
Mirjana Djuranovic, Central Bank of Montenegro

2 December 2008

ISSUE
“Usual Environment” criteria (frequency of trip, duration of trip, crossing of administrative borders, distance from place of usual residence)

RESPONSE
At the moment, Montenegro do not has capacities for researches with this criteria

1. New research on border crossings has to be introduced
   Survey includes specific questions (frequency of trip, duration of trip, crossing of administrative borders)

2. Country/place of usual residence instead of nationality (for distance criteria)

3. Changing of complete border control system, which could be done only by Ministry of Internal Affairs
ISSUE
“Main Purpose of Visit” criteria (Holidays, leisure and recreation; Visiting friends and relatives; Education and training; Health and medical care, Religion / Pilgrimages; Shopping; Transit; Other)

RESPONSE

- Ministry of tourism and environment (NTA) with MONSTAT (NSO) started implementation of new research and survey
- Survey includes this classification without class “transit”, with “business” class added
- In the pilot research (first year, 2009) survey shall be distributed to the chosen hotels and complement accommodation (sample)
- More comments should be given after pilot research

ISSUE
Tourism Expenditure (Scope; Coverage; Timing)

RESPONSE

- Scope is an optional class which could be use for expenditures in general
- Coverage could be given for domestic tourism expenditure only
- Timing is not possible to define for any tourism expenditure class.
- NSO (MONSTAT) should take future steps in accordance to the recommendations and dynamics set by EUROSTAT and its consultants
- Central Bank uses BPM6 recommendations, but still could not produce data on these classes
