

# Tourism Satellite Account

*The Agency on Statistics of the  
Republic of Kazakhstan*

Vienna, June  
2009

## Background :

- Tourism Satellite Account (TSA ) in the Republic of Kazakhstan has been formed by the Agency on Statistics since 2003

## Methodological framework of the TSA construction :

- «Tourism Satellite Account: Recommended Methodological Framework»
- Methodological recommendations of Eurostat, OECD, WTO and UN 2002
- Methodological basis for the Tourism Satellite Account is the System of National Accounts

## Information sources of the TSA construction :

- Tourism statistics - an annual survey of tourism companies, accommodation facilities, households (general and sample surveys), administrative sources (data from the Border Service);
- Branch statistics;
- Service statistics (commerce, transport and communications, business services, restaurants, culture, etc.), construction statistics, financial statistics - an annual survey of enterprises (general and sample surveys).

## The Tourism Satellite Account indicators :

- According to international guidelines and tables of the Tourism Satellite Account the following main indicators are formed:
  - gross domestic product of tourism;
  - the share of tourism in the country's gross domestic product;
  - gross value added of tourism;
  - the internal supply of the tourism industry;
  - consumption related to tourism within the country, referring to the inbound tourism, referring to outbound tourism, etc.

## TSA Publications :

- the «Satellite Tourism Account of the Republic of Kazakhstan» annual bulletin is issued in May;
- the TSA information is published annually in the «Tourism in Kazakhstan» sectoral statistical digest.

### Key indicators of tourism development in Kazakhstan on TSA:

indicators	2005	2006	2007
gross domestic product of tourism, billion tenge	138,7	190,1	224,4
gross value added of tourism, billion tenge	131,6	180,1	211,8
