CE/DEC/1 (XIV)

Progress report of the Secretary-General

Agenda item 2 (document CE/14/2)

The Executive Council,

Having examined the progress report of the Secretary-General,

Takes note with satisfaction of the various sections of the report relating to the increased services provided by the Organization and to the development of tourism in 1980, as well as to the overall priorities to be established for the future to enable WTO to play its vital role, in particular following the adoption of the Manila Declaration on World Tourism by the World Tourism Conference (Manila, September-October 1980);

Further notes the Secretary-General's statements concerning the particular attention paid in all the activities of the Organization to the interests of the developing countries, in accordance with Article 3(3) of the Organization's Statutes;

Requests the Secretary-General, in consultation with the Chairman of the WTO Commission for the Middle East and the parties concerned, to appoint representatives of this region to the Facilitation and Environment Committees;

Is of the opinion that the Organization's Members should not only benefit from the services and assistance provided by the Organization, but should also take a most active part in applying the findings of research work and the results of technical meetings, to enable WTO increasingly to adapt its working methods to the needs of Members in the most effective manner;

Takes note of the ratifications received of the amendments to be made to Article 38 of the Statutes and paragraph 12 of the Financing Rules attached to the Statutes;

Invites Members to send their instruments of ratification to the Depository of the Statutes as soon as they are able; and

Requests the Secretary-General to continue to implement the general programme of work in all its stages and to take the necessary follow-up action in accordance with the relevant Assembly resolutions and Council decisions, and in particular to take the appropriate measures to achieve greater rationalization in carrying out the study and operations programmes.

CE/DEC/2 (XIV)

WTO Commission for the Middle East

Agenda item 2 (document CE/14/2)

The Executive Council,

Having taken cognizance of the measures taken by the Secretary-General with a view to applying both General Assembly resolution 65(III) and Executive Council decision 2(XIII) concerning the WTO Commission for the Middle East,

Having observed that the efforts made to enable the member States of that region to meet for purely technical purposes, without prejudice to the composition of the WTO Commission, have been unsuccessful,

Notes that a new initiative has been taken to that same end;

Having heard the opinions expressed by Members of the Council concerning this question,

Endorses the proposal of the Secretary-General to postpone examination of this question to the fifteenth session of the Executive Council which will recommend, for the approval of the General Assembly, a procedure for handling this issue;

Is of the opinion that only the General Assembly is in a position to arrive at a decision on this situation;

Requests the Secretary-General to bring it up to date at its next session on the results obtained by the current initiative and to report to it on the situation as a whole.

CE/DEC/3 (XIV)

Expresses its satisfaction also at the applications for associate and affiliate membership announced in the said report;

CE/DEC/5 (XIV)

Arrears in contributions and advances
to the Working Capital Fund

Agenda item 4(b) (document CE/14/4(b))

The Executive Council,

Having taken cognizance of document CE/14/4(b) on the arrears in contributions and advances to the Working Capital Fund,

Recognizing that non-payment of member-assessed contributions seriously impedes the operation of WTO,

Believing that this problem must be solved,

Recognizing that the Executive Council is empowered to "submit reports and recommendations on the Organization's accounts and budget estimates to the Assembly" (Article 19(e) of the Statutes) and to "take such administrative and technical decisions as may be necessary" between sessions of the Assembly and in the absence of any contrary provisions in the Statutes (Article 20),

Recognizing further that the Assembly is empowered to "approve the Financial Regulations of the Organization" (Article 12(d) of the Statutes) and to "supervise the financial policies of the Organization and to review and approve the budget " (Article 12(i)),

Noting that the Financing Rules attached to the Statutes, mandated by two-thirds vote of the General Assembly, require that "a Member which is in arrears in the payment of its financial contributions to the Organization's expenditure shall be deprived of the privileges enjoyed by Members in the form of services and the right to vote in the Assembly and the Council if the amount of its arrears equals or exceeds the amount of the contributions due from it for the preceding two financial years..." (paragraph 13),

Observing that six Full Members as of December 1980 are five years in arrears and that seven are four years in arrears,

Observing further that four Members of the Council are in arrears in the payment of their financial year 1980 assessments,

Requests the Secretary-General to inform the thirteen Full Members which are four or more years in arrears that, in accordance with paragraph 13 of the Financing Rules, they are deprived of the privileges enjoyed by Members in the form of services and of the right to vote unless they have settled their arrearages, or explained the circumstances surrounding their failure to pay, by 31 March 1981;

Asks the Secretary-General, insofar as is practicable, to transmit this notification to those Members through their respective embassies in Madrid;

Suggests that when the Secretary-General, in accordance with regulation 8 of the Financial Regulations, reminds Full Members which are one or more years in arrears of the provisions of regulation 8(2), he use formal diplomatic channels;

Recommends that the Assembly amend the Financing Rules to prohibit (1) Members which are one or more years in arrears from serving on the Executive Council or holding offices within the General Assembly; and to require that (2) Members which are one or more years in arrears and which have failed to explain the nature of the circumstances surrounding their failure to pay and to indicate the measures to be taken to settle their respective arrearages, shall be assessed a penalty amounting to not less than 2 per cent of their respective contributions due;

Requests the Secretary-General to circulate this suggested amendment to all Full Members at least six months prior to the convening of the Fourth General Assembly.

Report on vocational training activities

Agenda item 6 (document CE/14/6)

The Executive Council,

Having noted with satisfaction the Secretary-General's report on the overall vocational training activities of the Organization by means of studies, technical meetings, operational missions, technical cooperation projects and CIEST operations,

Bearing in mind the emphasis that Members of the Organization have continuously placed on the vital importance of tourism training and manpower development,

Recalling its earlier decisions in this field, particularly decision 12(XIII), affirming the decisive and central role of the Organization in vocational training, and emphasizing the need for member States to designate it as the executing agency for the implementation of vocational training projects financed by the United Nations Development Programme,

Noting the various measures taken by the Secretary-General to implement the decisions mentioned in the preceding paragraph,

Having taken cognizance of the recommendations made by the World Tourism Conference held at Manila from 27 September to 10 October 1980 urging the World Tourism Organization to set forth new objectives in regard to vocational training in order to meet adequately the future needs of the tourism sector and to continue fully to assume the fundamental role and responsibilities, in respect of vocational training for tourism in particular, in its capacity as an executing agency of UNDP;

Reiterates its conviction that the World Tourism Organization must justify the expectations placed in it by its Members by playing effectively a decisive and central role in the field of tourism, particularly in the matter of vocational training and manpower development to which they attach the utmost priority;

Views with concern any duplication of effort in the area of tourism training provided by international technical agencies which may lead to the creation of training facilities and capabilities not in keeping with the overall tourism policy and the integrated planned development of the countries concerned;

Urges the member States, UNDP and other international and regional bodies concerned with the developmental endeavour of the international community in favour of the developing countries, to take the measures they may deem appropriate to ensure the pre-eminent and leading position of the World Tourism Organization in the field of vocational training in tourism.

Considers that the Affiliate Members' appraisals resulting from the survey concluded on the aforementioned study are extremely encouraging for the Organization, which finds therein a fitting response to the concern expressed by governments when they conferred upon the public and private operational sector, both commercial and non-commercial, membership rather than a purely consultative status;

Requests the Secretary-General to take due account of the findings of the survey with a view to improving the services provided to Affiliate Members to enable them to contribute ever more fully to the general activities of the Organization, viewed as a set of measures designed to meet the common needs of the national tourism administrations and the travel trade; and
